EXPERIENCE

Website Developer   Mar 2024 – Aug 2024
Taj India Voyages   *Work From Home*

- Developed and maintained responsive websites ensuring optimal performance and user experience.
- Collaborated with stakeholders to gather requirements and delivered projects according to quality and delivery standards.
- Debugged and troubleshooted existing applications to ensure smooth operation and user satisfaction.

PROJECTS

MERN Personal Portfolio Developed a dynamic and responsive personal portfolio using the MERN stack (MongoDB, Express, React, Node.js) to showcase my projects, skills, and professional experience. Integrated with React for the front-end and Node.js for the back-end. (View Portfolio)

Automated Attendance System using Facial Recognition Developed a MERN-based website for automated attendance tracking using facial recognition technology.

Alpaca Image Generator Website Created a fun and interactive website allowing users to generate and customize Alpaca avatars. (Try it here)

CERTIFICATIONS

- NPTEL - C Programming and Assembly Language
- Microsoft Azure - AI Fundamentals (AI-900)
- HackerRank - 5-star Python Badge, JavaScript Basic

- IIT Kanpur - PHP Certificate

- GUVI - Python

EXTRA-CURRICULAR ACTIVITIES

Participated in various chess tournaments and coding competitions.

Actively contributed as a coordinator in college tech fests and events.
